Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Employing an extra teacher to ensure early years classes had smaller numbers and students had more individualized attention
- Early years teachers engaged in coaching to improve their capability in teaching literacy and numeracy
- Employing an experienced learning support teacher to enhance our current intervention programme
- Regular review of student data and the adjustment of student programmes as a result of the analysis of the data
- Providing every student who did not achieve National Minimum Standard in Naplan testing with an Individual Learning Plan
- Purchasing subscriptions to recognized online literacy and numeracy programmes
- Purchasing resources to enhance the learning of our students
